

EXPERIENCE THE BEST IN RETIRED LIVING

For nearly a decade, we have provided Sonoma and Marin county residents and their families unparalleled service, quality care and attention. Our residents are constantly satisfied because we stay true to our mission: It's all about family. We invite you to come visit Tree Haven Estate and experience its top quality care.

Warmly,

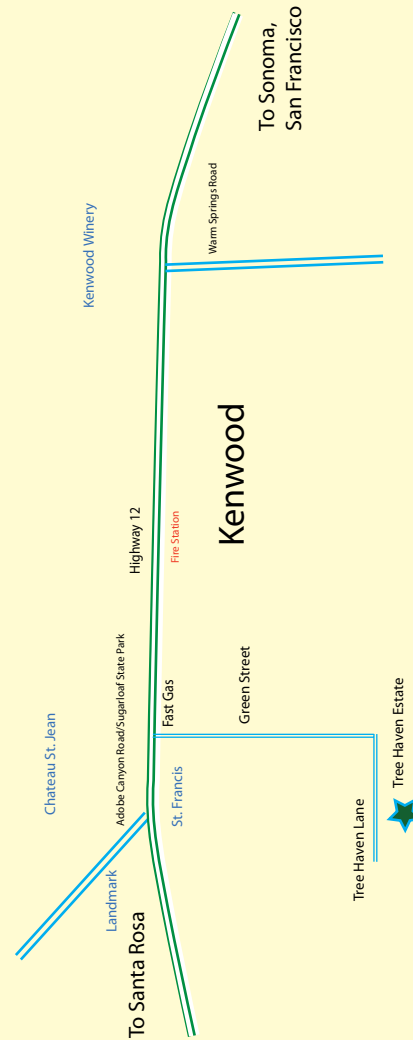

Mercedes & Julius Vegrarq,
Owners

INSIDE TREE HAVEN ESTATE

Tree Haven Estate, a residential care facility for seniors, provides comfortable non medical care for active adults who desire assistance with independent living.

Nestled in the heart of the wine country, Tree Haven Estate resides on an acre of lush gardens with views of Sugarloaf Mountain, surrounded by rolling hills, fields of ancient oak trees, and many lush vineyards.

We invite residents to stroll through the rose garden, read under the fruit trees, try their hand at gardening, or opt to relax on the patio and enjoy the Koi pond.

At Tree Haven Estate, we promote a balanced lifestyle by fostering independence, nurturing family ties, providing vigilant care and ample recreation opportunities.

Tree Haven Estate is suited to individuals who enjoy peaceful surroundings and fine quality living.

Tree Haven Estate is a true home away from home.

QUALITY, COMFORT & ELEGANCE

Tree Haven Estate prides itself on its excellent professional staff, its meals, privacy, personal attention and good old fashioned TLC. Tree Haven Estate accommodates special needs.

Tree Haven Estate is an intimate facility that houses a maximum of six residents. Each resident enjoys his or her own private room with garden views and plenty of light. With an extra guest house on the premises, Tree Haven Estate offers accommodations for couples, too.

Our commitment to stimulating, healthy living takes us to the symphony, on a visit Bodega Bay or a stroll through the local fair. In addition, residents enjoy spending time in our recreation room where they play the piano, read, play cards or enjoy a great sports game on the plasma TV.

We rely on resident input to maintain our excellence. Our residents suggest everything from our outing destinations to their favorite meals.
